

# Using the Schedule

The Trolley runs Monday - Saturday excluding major holidays (New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas Day).

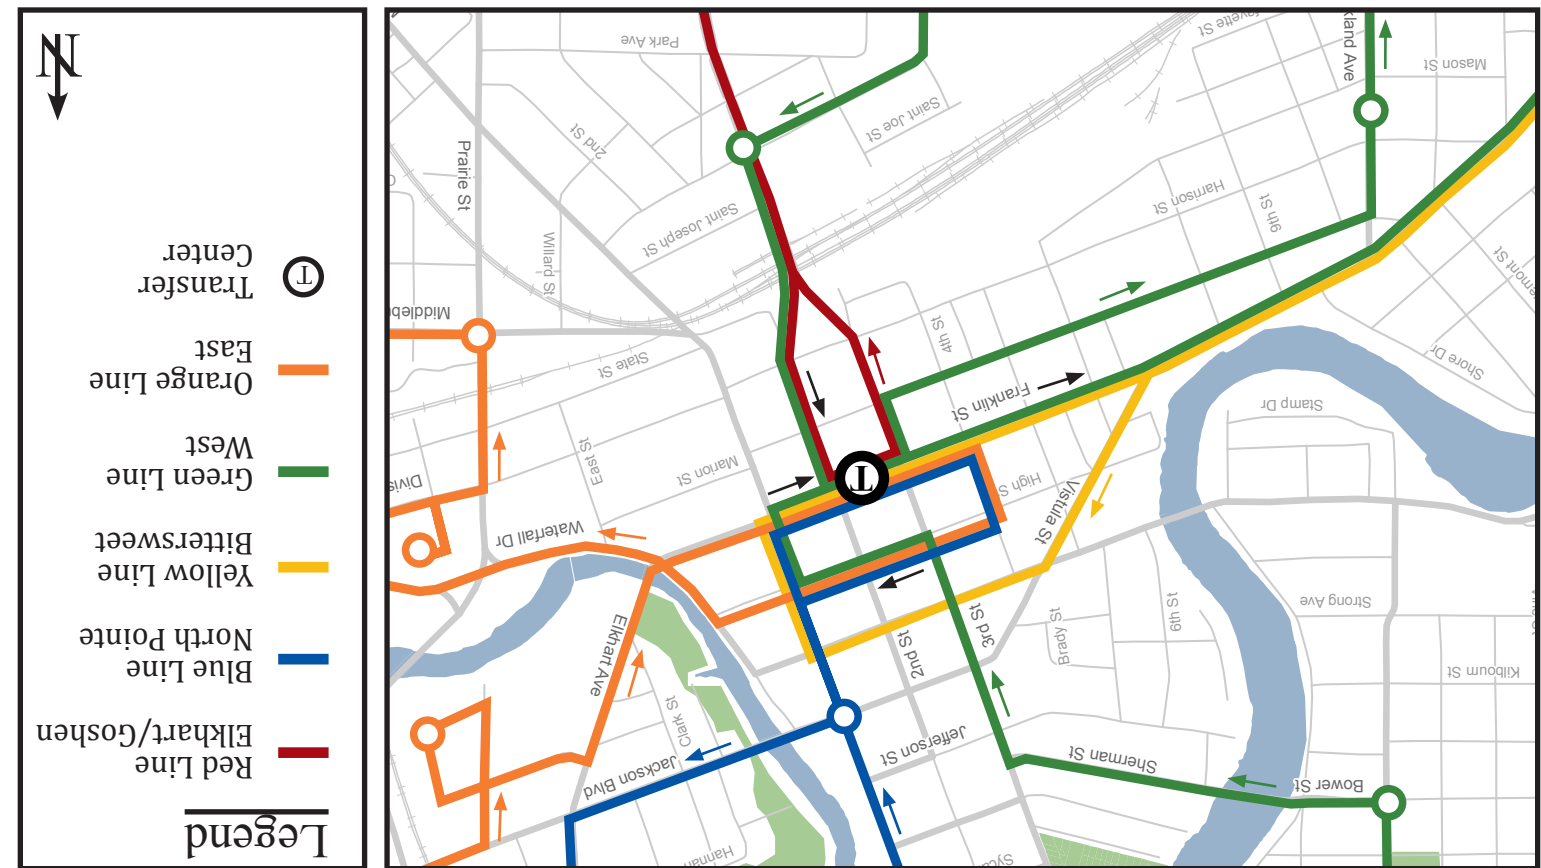

Look at the sample schedule below. At the top of the schedule are the time-point locations along the route. This will give you a general idea of the arrival time of the Trolley at locations along the way. Make sure you are at the stop 5 to 10 minutes early if possible.

**A** Locate the time point nearest your destination and, in the column below it, find the time closest to when you would like to arrive.  
*Example: You would like to get to the Wal-Mart on CR 6 around 4:00.*

**B** Then locate the time-point nearest to where you'll be boarding the Trolley.  
*Example: You will be boarding the Trolley at North Lake Apts.*

**C** By matching up the corresponding time in your boarding column to the one in your destination column, you can estimate when to expect the Trolley at your boarding location.  
*Example: Catching the Trolley at 3:27 at the North Lake Apts. will get you to the Wal-Mart on CR 6 at 3:46.*

## Riding the Trolley

**Catching the Trolley** - Wait for the Trolley at any signed stop or standing AFTER any intersection along the route. Wave at the Trolley so the driver knows you would like to board.

**Boarding the Trolley** - You must have exact fare ready and take your seat as quickly and safely as you can. To continue your one-way trip from route-to-route, be sure to ask for a transfer when you board.

**Getting off the Trolley** - Pull the stop request cord by the windows to inform the driver to stop at the next available location. Once the Trolley is stopped, exit as quickly and safely as you can.

## Wheelchair Riders

All Trolleys are ramp-equipped or lift equipped; if you use a wheelchair then you must use the ramp. The driver will assist you on and off the Trolley and secure your wheelchair in place. If you are ambulatory or your wheelchair weighs more than 600 pounds, you may not use the lift.

## Bicycle Riders

Bicycle racks are equipped on all trolleys, typically on the front of the vehicle. If the rack is full, you must wait for the next available Trolley; bicycles are not allowed in the Trolley. Let the driver know you are using the bicycle rack before you board and when you get off. If your bike is the last bike on the rack, close the rack.
